

Christmas Train, A Beloved Yearly Tradition

Continuing a decades-long custom, the Santa Express Christmas Train will bring the holiday spirit to the kids of Paramount from December 6th through 9th. The engine, gingerbread-house boxcar, sleigh car and caboose will make stops throughout the City with Santa Claus and his team of elves handing out apples, candy canes and good cheer.

An average of 25,000 kids and parents line the streets to see and talk with the man in red over the four days and nights. It's a much-anticipated event that has delighted generations of Paramount children.

For more information, please call (562) 220-2121.

Monday, December 6 Starting at 3 pm

Leaf Blower Exchange Program for Gardeners/Landscapers

The South Coast Air Quality Management District (AQMD) will be offering a leaf blower exchange program where professional gardeners and landscapers can exchange older, highly polluting backpack leaf blowers for new, low-emission units.

Up to 1,500 blowers, among the quietest on the market, will be available at exchange event locations scheduled throughout AQMD's four-county region. If you are a professional gardener or landscaper and would like to receive e-mail notification when registration begins in early 2011, you can sign up at www.aqmd.gov/listserver/list.aspx.

Gas Log Purchase Program

The South Coast Air Quality Management District also offers the Healthy Hearths initiative, which supplies funding to reduce the cost of purchasing and installing gas log sets to replace wood-burning in existing fireplaces. Under the program, residents can receive a \$125 discount toward the price of purchasing and installing gas log sets.

The program is open to residents of the South Coast Air Basin. The South Coast Air Basin includes all of Orange County and the non-desert portions of Los Angeles, Riverside and San Bernardino counties. For more details about the program, please go to www.aqmd.gov/healthyhearths/Incentives_FAQ.htm.
